Description:

A Message from Suzanne Brockmann

Born to Darkness, like many of my books, has a Navy SEAL hero. And I know what you're thinking. Hey, Brockmann, what's with the SEAL obsession?

My answer: Have you seen these guys?

Seriously though, I think a large number of Americans are fascinated by the men who serve in the

teams, particularly after SEAL Team Six took out Osama bin Laden last year. But I've been writing books with SEAL heroes since the mid-1990s, and although *Born to Darkness* is my 26th book with a SEAL as the hero, the truth is that I just don't get tired of creating strong, complex characters who are passionately driven to become part of that elite group of the best-of-the-best, the U.S. Navy SEALs.

First of all, you have to be very intelligent to be a SEAL, so that's a plus for a romance writer, because I think that many women agree with me--smart men are sexy. I also believe that you have to have a sense of humor to survive the punishing BUD/S training that all SEAL candidates endure--and smart, funny men are even sexier.

I also love to write about the loyalties, friendships, and frictions that occur when smart, funny men work together in a team. I'm a long-time lover of the "buddy movie" (my big favorites are *Butch Cassidy and the Sundance Kid*, and *Midnight Run*), and writing a series of books that lets me use some of those same elements has been extremely fun to do.

But I've been writing my *Troubleshooters* series about fictional Navy SEAL Team Sixteen for 13 years. After 17 books, I found myself wanting to stretch a bit--to write something different, hence the futuristic paranormal world of my new *Fighting Destiny* series. But when I sat down to plan and plot *Born to Darkness*, the hero of the book, Shane Laughlin, turned to me and said, "Oh, by the way? I'm a Navy SEAL."

I gazed back at him--he's smart, funny, driven, and honorable, with the shiny, golden gleam of a SEAL officer who leads by saying, "Follow me!" And I said, "Yes, you certainly are, aren't you?"

But Shane is a former Navy SEAL. In *Born to Darkness*, he's been dishonorably discharged and blacklisted--and he's intentionally staying far from the men who served beneath him in his SEAL team, so as not to tarnish them, too. He's been unable to find work for about a year, and he's getting pretty desperate when he's dropped into the heroine's rather fantastic world.

Shane's a SEAL without a team, and in *Born to Darkness* he connects with a group of rather odd people who are on a mission to rescue a kidnapped little girl. He wants to help, but it's not easy for him, since he's used to being in charge. And despite his skill and training as a SEAL, he's also the weakest link in this unusual team's chain--which is an eye-opening experience for him.

I've also written an e-short called so that readers can meet Lt. Shane Laughlin and see him in his "natural habitat" as I tell the story of his final, fateful mission as a SEAL.

Happy reading!
