NAMED IN THE "TOP 100 INDIE BOOKS OF 2012" BY KIRKUS

Kirkus Reviews *Starred Review,* a rare honor given to books of "remarkable merit"

From Kirkus:

A fun-filled tale of new beginnings, sudden endings and the lighter side of the daily grind.

After a professional and personal meltdown in Orange County, Louisa "Lulu" Hallstrom packs her things and returns home to Seattle. With her \$80,000-a-year job firmly in the rearview, Louisa takes

the first job available—an entry-level admin position working for a lazy, mentally unbalanced boss. In desperate need of an apartment, Louisa hooks up with an old college friend who has morphed into a slovenly, militant environmentalist with a horrifying lack of domestic skills and hygiene. Louisa, her love life in similar shambles, finds herself at the mercy of online dating and its resulting grotesqueries. Her bad luck is compounded when she finds the body of a co-worker and becomes a suspect, a misfortune that's surpassed by another concern: She might be the next victim. The engaging, unwitting Louisa helps first-time author Reinke successfully capture the fresh style of a light, well-paced mystery, impressively rendered with interesting, multidimensional characters. Reinke's humorous, witty voice is accessorized by easygoing and accessible prose. Despite a few imperfections—slightly contrived dialogue, for example—Reinke wisely refrains from getting too fancy with inorganic plot twists; instead, she simply lets the story speak for itself. Louisa is a funny, endearing, self-deprecating and, above all, relatable heroine, whom just about every woman can relate to as she navigates a turbulent life, with a few laughs along the way. Hopefully we'll be hearing more soon from Reinke and Louisa.

A refreshing, humorous read that strikes a winning balance between chick lit and light mystery.
