**Description:**

Trollope's 1875 tale of a great financier's fraudulent machinations in the railway business, and his daughter's ill-use at the hands of a grasping lover (for whom she steals funds in order to elope) is a classic in the literature of money and a ripping good read as well. --This text refers to an alternate edition.

**Review "The Way We Live Now** is the essence of Trollope. If he had written no other novel, it would have ensured his immortality."
