CLÁUSULAS

1. Establecimiento del servicio

Las PARTES aceptan proveer y mantener servicios de telecomunicación directa entre México y Francia (con terminación en diversos países del mundo), conforme a los términos y condiciones de este Contrato.

2. Servicios que se proveerán

Considerando que en México, sólo las operadoras de puertos internacionales tendrán autorización para interconectarse directamente con las operadoras de redes de telecomunicaciones de otros países y que el tráfico de entrada y salida se puede dirigir únicamente a los puertos internacionales previamente autorizados por la Comisión Federal de Comunicaciones de México (la "Cofetel"), los servicios de telecomunicaciones o el tipo de servicios que deberán ofrecerse de acuerdo con la información referente a este tema, incluyen los siguientes, enunciativa, más no limitativamente: tarifas y cargos, facturación, cobranza, procedimientos de descuentos aplicables por interrupción, así como nivel de calidad; estos asuntos se presentan en los Anexos del Contrato de la manera siguiente:

Anexo "A" (Larga Distancia Internacional) El cual se firma en conjunto con el presente contrato.

Con esta referencia, dichos anexos forman parte integral de este Contrato. Estos servicios y sus diferentes clases se pueden modificar por medio de un Apéndice del Contrato, firmado por ambas partes. Los apéndices firmados formarán parte integral del Contrato.

3. Cargos a pagar

Cada parte deberá establecer unilateralmente los cargos que los usuarios deben pagar (en lo sucesivo, "los cargos a pagar") por los servicios mencionados en los apéndices a este contrato. Las partes pueden especificar los cargos a pagar en diferentes monedas.

4. Elaboración de informes mensuales y ajuste a las cuentas

4.1 Informes mensuales

4.1.1 Cada parte deberá elaborar un informe mensual que incluirá la siguiente información, aunque no se limita a ésta: los minutos facturados por dicha parte, la moneda previamente determinada o el tipo de cambio para los servicios de telecomunicación de mensajes; otros servicios o tráfico descritos en los otros

apéndices del Contrato, así como el monto total acreditado a la otra parte. Cada parte debe enviar un informe mensual a la otra parte, tan pronto como sea posible, después de cierre del mes calendario al que dicho informe se refiere, y absolutamente en ningún caso deberá retrasarse hasta después del cierre del tercer mes calendario posterior al mes al que dicho informe se refiere. Cada parte puede rechazar y devolver un informe mensual que no contenga la información precisa que se requiere según este Contrato, junto con una declaración escrita que indique las razones del rechazo.

Las partes acuerdan incluir en el informe mensual a que se refiere la presente cláusula, al menos la siguiente información, según sea aplicable:

- a) Periodo de facturación;
- b) El monto total de minutos cursados por mes redondeados al minuto inmediato superior.
- c) Fecha de la llamada, número nacional de la parte que hizo la llamada; número nacional de la parte que hizo la llamada o número facturado; bases del cargo (completo, reducido, personal o de estación); duración (minutos); así como tiempo de conexión;
- d) Montos facturados de conformidad con las tarifas aplicables;
- e) Modo de pago; y
- f) Monto a ser acreditado en favor de la contraparte

4.1.2 Cualquiera de las partes podrá presentar facturas complementarias por Servicios omitidos o incorrectamente facturados, hasta 90 (noventa) días naturales después de la conclusión del ciclo mensual de facturación correspondiente. Asimismo, cualquiera de las partes podrá reclamar la devolución de cantidades pagadas en exceso por causa de facturación indebida hasta 90 (noventa) días naturales después de la fecha de recepción de la factura correspondiente.

4.1.3 Si la parte que recibe dicha información no presenta objeción alguna por escrito, en un plazo de 90 días a partir de la fecha en la que dicho informe se entregó, se considerará que la parte que recibe el informe mensual lo ha aceptado.

4.1.4 Cada una de las partes será responsable de su propia contabilidad, registro, ajustes e información detallada de todos los servicios prestados conforme al Contrato.

4.2. Ajuste del saldo neto

4.2.1 Las partes convienen en establecer los primeros diez días hábiles de cada mes como el plazo para efectuar la conciliación de los pagos de liquidaciones. Los montos mensuales adeudados por una parte a la otra deberán deducirse del

saldo neto de cada una de las partes, como se estableció en los informes que las partes han entregado y aceptado. Ningún monto mensual que una parte deba a la otra será pagadero hasta que no se hayan pagado todos los montos acreditados en los informes mensuales que ambas partes entreguen, con el fin de determinar un solo saldo pagadero por cada parte. La intención de las partes es que ninguna deuda de un mes particular se haga pagadera hasta que no se haya estimado el saldo neto. El saldo neto que una parte adeude a la otra debe pagarlos la parte deudora a la parte acreedora tan pronto como sea posible, pero absolutamente en ningún caso será quince (15) días hábiles después de calculado el saldo neto mensual.

4.2.2 Los pagos y estados de cuenta que las partes entreguen conforme al Contrato se efectuarán en dólares, la moneda de curso legal de los Estados Unidos de América.

5.Omisión de pago o subsanamiento de la falta

Sin importar cualquier otra disposición de este Contrato, si una de las partes no paga el saldo neto a pagar conforme a las estipulaciones de la cláusula 4.2, o de cualquier otro modo incumple con el Contrato y esa falta no se subsana en un plazo no mayor a diez(10) días hábiles, la otra parte, después de haber entregado por escrito una notificación de dicha omisión a la parte que incumplió, a su propio criterio puede: a) limitar, suspender o dar por terminada su participación en el servicio tema de este Contrato, con lo que queda libre de todas las obligaciones que por medio de este Contrato se le adjudicaron, hasta que no se pague el saldo deudor o hasta que se subsane cualquier otra falla importante dispuesta en este documento, b) manejar únicamente las llamadas facturadas a sus propios clientes, retener cualquier ingreso y continuar con esa práctica hasta que la otra parte no haya pagado cualquier saldo pendiente o hasta que no haya subsanado cualquier omisión importante, o el Contrato se termine sin que la parte deudora tenga derecho a ninguna compensación.

Sin importar lo anterior, las partes aceptan que para dirimir sus diferencias pueden seguir los procedimientos arbitrales mencionados en la cláusula 22 de este Contrato.

6.Establecimiento del calendario de servicios y suministro de facilidades

6.1 Los servicios de telecomunicación estipulados bajo este Contrato se prestarán por medio de:

Sin embargo, si las partes no llegan a un acuerdo en lo relacionado con las especificaciones técnicas y los métodos de operaciones, entonces se aplicarán las especificaciones técnicas más relevantes y actuales, tan rigurosas como las Recomendaciones del Sector de Normatividad del ITU.

7.2 El inglés y el español serán los idiomas utilizados por el personal de operaciones, tráfico y mantenimiento. Las partes aceptan intercambiar una lista de personal de tráfico y mantenimiento, con sus números de teléfono. Como una cortesía hacia la otra parte, cada una de las partes actualizará periódicamente la lista de personas con quienes comunicarse.

8. Responsabilidad

Ninguna de las partes será responsable por cualquier pérdida o daño de la otra parte, ya sea directo, indirecto, incidental, consecuencial o punitivo, causado por cualquier incumplimiento o daño a las instalaciones de telecomunicaciones o interrupción del servicio según el Contrato, sin tomar en cuenta la razón de dicha falla, daño, interrupción o su duración.

Este Contrato y todas sus enmiendas, así como los acuerdos alcanzados por las partes, estarán sujetos a las autorizaciones, recomendaciones, observaciones y modalidades gubernamentales, según sea el caso, dispuestas en sus leyes, licencias, permisos, autorizaciones y aprobaciones respectivas.
