Ciudad de México a 5 de junio de 2018

**PLENO DEL INSTITUTO FEDERAL DE TELECOMUNICACIONES
P R E S E N T E**

Me permito presentar el informe de mi participación en representación del Instituto y en calidad de Vicepresidente del Grupo de trabajo sobre Política de Infraestructura y Servicios de Comunicaciones (CISP) en la 58ª Reunión del mismo y en la 76ª Reunión del Comité de Políticas de la Economía Digital (CDEP) de la Organización para la Cooperación y el Desarrollo Económicos (OECD), realizadas del 14 al 18 de mayo de 2018 en París, Francia.

58ª Reunión del Grupo de trabajo sobre Política de Infraestructura y Servicios de Comunicaciones (14 y 15 de mayo)

Previo al inicio formal de la 58ª Reunión del CISP, la mesa directiva de este grupo de trabajo sesionó para revisar aspectos de logística y el orden del día de dicha reunión.

Durante esta reunión se participó en la discusión de los siguientes documentos, presentaciones e informes:

- Canasta de precios de servicios de telecomunicaciones
- Precios hedónicos de servicios de telecomunicaciones
- Indicadores de Internet de las Cosas (IoT)
- Tecnologías inalámbricas de próxima generación (5G)
- Operadores del futuro
- Neutralidad de la red y efectos del "Zero Rating"
- Programa de trabajo del CDEP para 2019-2020

En el asunto 6 del orden del día denominado "Tour de Table", se presentó información sobre las actividades que el Instituto está llevando a cabo para poner a disposición de los operadores bandas de frecuencias del espectro radioeléctrico, resaltando el despeje y armonización de la banda de 600 MHz y la licitación de la banda de 2.5 GHz.

En el asunto 12, se participó en la presentación de la Delegación de México sobre los avances y resultados en la implementación de las recomendaciones del documento denominado "OECD

Telecommunication and Broadcasting Review of Mexico 2017”, destacando que en el Programa Anual de Trabajo 2018 del Instituto se tienen contemplados diversos proyectos para atender recomendaciones del mencionado organismo.

76ª Reunión del Comité de Políticas de la Economía Digital (16 al 18 de mayo)

Durante esta reunión se participó en la discusión de los siguientes documentos, presentaciones e informes:

- Revisión de políticas de Suecia en el contexto del proyecto horizontal “Going Digital”
- Seguimiento de la Recomendación del Consejo de 2010 sobre las TIC y medio ambiente
- Plataformas en línea: enfoque práctico de sus impactos económicos y sociales
- Comercio electrónico: desarrollo, tendencias y modelos de negocio
- Actualización del proyecto horizontal “Going Digital: Making the Transformation Work for Growth and Well-being”
- Inteligencia artificial
- Programa de Trabajo y Presupuesto del CDEP para 2019-2020
- Mandato del CDEP y evaluación de sus grupos de trabajo
- Estrategia digital de Brasil
- Reglamento General de Protección de Datos de la Unión Europea
- Internet y Jurisdicción

Finalmente, con la participación en estas reuniones se cumplió con el propósito de generar vías de cooperación o áreas de influencia conjunta con autoridades de organismos reguladores y entidades de gobierno encargados de la política pública de otros países sobre temas en el ámbito de competencia del Instituto.

Se anexan las agendas de las reuniones de referencia.
